Agree to the Children's Health Study Program & fill out child's info

For every Juice Plus+ Children's Health Study Order, a donation goes to the Juice Plus+® Children's Foundation, which supports charities focused on children's health and wellness.

I understand that I am responsible for my proportionate share of a \$30 contribution to support the Juice Plus+® Children's Health Study for each participant I enroll in the study. I understand that this contribution will be deducted from my NSA check once a year, for each year a participant remains in the study (three years maximum).

I have communicated the program guidelines to my customer and understand that an email outlining these guidelines will be sent to my customer.

1 Yes, I Agree

CHS Order

Please communicate to your customers the importance of completing the JPCHS questionnaires. Their responses are critical to understanding the impact of Juice Plus+® on children and families.

"Personal Touch" Customer Care Plan helps you keep track of each and every one of your customers during the critical evaluation period of the first 100 days. The goal is to provide ten follow-up connections with your new customer in the first 100 days, approximately once every two weeks. NSA will send you e-mail reminders to call your customers along with suggested talking points. In addition, you will receive an alert on your Virtual Office Home Page before the second box is shipped. 100 Day "Personal Touch" Customer Care Plan:

- [E-Cards](#)
- [Automatic e-mails from NSA](#)
- [Personal telephone calls](#)
- [Postcards](#)

Because the child (college student) is over 13 they are automatically given the capsules. If under 13, they have the choice of gummies, chewables or capsules.
